

When should you use virtual doctor visits?

An MDLIVE virtual doctor visit is a great way to treat routine medical conditions. Fast, easy and convenient.

- You're not feeling up to leaving home** (Sick face icon)
- You want to avoid the high cost of Urgent Care or the ER** (Bar chart with dollar sign icon)
- Your doctor isn't available** (Calendar with checkmark icon)
- It's after hours, the weekend or a holiday** (Moon and stars icon)
- You need a short-term refill on a prescription** (Pill bottle icon)
- It's hard to get to the doctor's office** (Location pin icon)
- You don't want to take time off work** (Hourglass icon)
