

ACCIDENTS HAPPEN...

Consider Accidental Death Insurance

Underwritten by Metropolitan Life Insurance Company, New York, NY

What is Accidental Death Insurance?

Accidental Death insurance (AD) pays your beneficiary if your death results from a covered accidental injury within one year of the injury. This payment is in addition to any life insurance you may have. AD covers you 24 hours a day, every day of the year, worldwide. There are no health questions to answer, and your acceptance is guaranteed.

Who should have AD?

AD is for people who are active, travel, engage in sports—particularly those who are young in fact or in spirit. Do you walk, run, hike, bike, or boat? Do you climb a ladder or a mountain? Do you ski, or swim, or snorkel, or scuba? Do you fish, hunt, or camp? Do you travel by train? By plane? Car? Motorcycle? If so, AD is probably for you.

AD vs. Travel Accident Insurance

Some people think that AD is like travel accident or flight insurance. It really isn't. Travel accident customarily pays benefits for accidental death only while you are a passenger on commercial transportation, referred to as "common carriers." But AD also covers deaths from falls and falling objects, fires and firearms, poisoning, choking, suffocating, drowning, common-carrier and personal travel— even homicides.

Who is eligible?

Alumni/ae, students, faculty, and staff of sponsoring alumni/ae associations, and eligible family members may apply. Each must be at least age 18 but under 75 when applying.* Eligible family members are spouses, domestic partners, parents, children, and siblings. Any of them may apply—even if you do not apply.

*Applicants must live in an eligible state.

How much insurance is available?

■ Ages 18–64	\$50,000–1,000,000
■ Ages 65–69	\$50,000–500,000
■ Ages 70–74	\$50,000–250,000

How much does AD cost?

Premiums are under 20¢ a day for \$100,000 of AD insurance.

Have you ever purchased AD insurance, or even the more restrictive travel accident insurance? If so, you'd probably agree that premiums for this AD plan are attractively priced. In fact, they are less than half of premiums for AD plans available through some other sponsors, such as credit unions.

Nearly 220,000 people die from accidents each year.'
